Quick Response Fund (QRF) for the rehabilitation of affected areas;

DEPARTMENT OF AGRICULTURE  
Bulletin No. 3 on TD "AGATON"  
Issued at 8AM, 12 April 2022

THE CENTER OF TROPICAL DEPRESSION "AGATON" IS NOW IN THE VICINITY OF MARABUT,  
SAMAR

The center of Tropical Depression "AGATON" was estimated based on all available data in the vicinity of Marabut, Samar moving Eastward slowly. It has maximum sustained winds of 45 km/h near the center and gustiness of up to 75 km/h.

On the forecast track, "AGATON" will continue meandering in the vicinity of Samar-Leyte area within the next 6 to 12 hours before turning more east southeastward towards the Philippine Sea beginning tonight or tomorrow morning.

"AGATON" is forecast to deteriorate into a remnant low within the next 24hrs that will continue tracking generally eastward over the Philippine Sea as it becomes assimilated within the circulation of "MALAKAS".

#### DAMAGE AND LOSSES

Damage and losses have been reported in Eastern Visayas and Caraga amounting to P265.3 million (M) affecting 2,132 farmers, with volume of production loss at 16,532 metric tons (MT) and 3,060 hectares of agricultural areas.

Affected commodities include rice, corn, and high value crops. These values are subject to validation. Additional damage and losses are expected in areas affected by "AGATON".

#### AVAILABLE INTERVENTIONS

The following assistance will be provided to the affected farmers and fishers:

1. Rice, corn and assorted vegetable seeds;
2. Drugs and biologics for livestock and poultry
3. Survival and Recovery (SURE) Program of Agricultural Credit Policy Council (ACPC);
4. Available funds from Philippine Crop Insurance Corporation (PCIC) to indemnify affected farmers;
