Requirements / Conditions	Findings

Construction of Drainage System along Ventilacion St. and Tiongson St., Brgy. Lagao, General Santos City Contract Cost : Php4,866,249.74 <b>STATUS : Ongoing with an incurred slippage of (-) 40.09%</b></li> </ul> <p>- Section 34.3b.ii of the Implementing Rules and Regulations of RA 9184 states that, "Verification of availability and commitment, and/or inspection and testing for the required capacities and operating conditions, of equipment units to be owned/leased/under purchase by the bidder for use in the contract under bidding, as well as checking the performance of the bidder in its ongoing government and private contracts (if any of these on-going contracts shows a reported negative slippage of at least fifteen percent (15%), or substandard quality of work as per contract plans and specifications, or unsatisfactory performance of the contractor's obligations as per contract terms and conditions, at the time of inspection, and if the BAC verifies any of the deficiencies to be due to the contractor's fault or negligence, the agency shall disqualify the contractor from the award), for the procurement of infrastructure projects."</p>

Whereas, Section 34.6, Rule X of RA 9184 states that, "Immediately if the BAC has notified the first bidders of its post-disqualification, and notwithstanding any pending request for reconsideration thereof, the BAC shall initiate and complete the same post-qualification process on the bidder with the second Lowest Calculated Bid/Highest Rated Bid. If the second bidder passes the post-qualification, and provided that the request for reconsideration of the first bidder has been denied, the second bidder shall be post-qualified as the bidder with the Lowest Calculated Responsive Bid/Highest Rated Responsive Bid;

Whereas, the Bids and Awards Committee (BAC) immediately notified **Hanna Via Construction, Inc.** in writing of its post-disqualification and the grounds for it and was received by the latter last June 23, 2016;

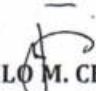

Whereas, no motion for reconsideration was filed by Hanna Via Construction, Inc. within three (3) calendar days upon receipt of the Notice of Post-Disqualification. Thus, the BAC initiated and completed the same post-qualification process on the bidder with the second Lowest Calculated Bid which was **MJ Tiongson Construction**;

**Whereas**, after the thorough deliberation of the Bids and Awards Committee (BAC) based on the evaluation and post-qualification reports of the Technical Working Group (TWG), it was found that **MJ Tiongson Construction** met the minimum requirements of the Procuring Entity and was determined as the bidder who submitted the **Lowest Calculated Responsive Bid**;
